

3 %. The motion was seconded by Rich. The motion was carried by unanimous consent.

High School Update: Randy continues to work with the plumbers and electrical workers to bring the Eye-Wash Station into being in the Science room. He personally painted the walls. The cabinets are in and ready to be filled. We are uncertain what is going to happen concerning the showers. It seems due to the litigation concerning cell phone use, i.e. "internet pictures", students do not shower at school, and schools do not force the issue.

ELC Roof Update: We find ourselves waiting on electricians and the PUD for input concerning the flooring and lights in the buildings in question. We are ready to move when prompted.

Continuous School Improvement Plan:

We discussed the input of the teachers and staff of TRCS concerning what items they consider to be the most important for continuous school improvement. With a few exceptions we seem very close to having the same agenda for growth and improvement.

We love and respect our teachers and staff and want to be in step with their needs, suggestions. and concerns. We will strive to remain open and transparent in every consideration.

7. New Business:

Randy gave thanks for the new students who have come to TRCS. They are here because they WANT to be in our school. Praise God.

Reports by Administration Team, discussion if needed:

Erin Hart, Administrator **Report: Administrator, Erin Hart**

K-12 Enrollment Dashboard: 208 confirmed total, 200 is budget goal, 6 are half-time Kinders

K	1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th	11th	12th
28	23	14	18	14	6	11	12	13	14	14	21	20

❖ **Annual Fund**

We're currently at \$20,601 towards our goal of \$70,000.

❖ **Financial Aid/Discounts and the Budget**

After going through many options regarding aid and discounts, I have some recommendations that I'm going to run by finance committee and that we should discuss on Tuesday night...

❖ **TRCS Foundation**

Foundation balance is currently \$6,612.38. I'm currently rushing to get the 990 filed because the treasurer is ill...

❖ **Chenoweth Scholarship**

We've raised over \$3,500 alongside assorted pledges – and it will more than cover the scholarships awarded for this year, as well as build the fund for the next year.

❖ **Chapel, etc...**

I'm doing a special chapel at the high school on Friday to address some of the issues we've had there. I'm also considering starting a monthly lunch date up there just to have opportunity to talk with the students and hear what they think. I also get to speak at Calvary Community on Sunday and thank them for walking with us through this crazy high school move.

❖ **Christmas Shopping Festival**

It's Saturday! This thing has sure grown for us over the years. I hope you can all join us and buy some prize drawing tickets. ☺ Many thanks are due to Melissa Peabody for helming the CSF ship this year.

❖ **Technology Plan**

I've just ordered 4 more projectors and __ document cameras to attach to them for the high school. I still need 3 more for that campus to be complete, and ultimately we need 6 more of each on this camera to equip the elementary teachers. (About \$3,000 more...)

❖ **Staff Satisfaction Surveys**

The surveys went out last week and I hope to have a report for you by Tuesday's meeting.

❖ **50th Anniversary Planning**

The book is nearly complete. We'll be preselling at the Christmas Shopping Festival this weekend, along with commemorative Christmas ornaments (\$5). Still waiting to hear back on our author, which will help us select our banquet date based on his availability.

❖ **High School Planning**

The storage areas are done, and the portable stage has arrived. The bleachers are delayed, but should be in before the first game on Dec. 1. The eyewash shower is here and will be installed soon. The Fire Marshal came back for re-inspection and found two other broken emergency lights, but those will be fixed and he approved all other changes. Science room cabinets are awaiting install of the eyewash so they can be built around/simultaneously.

❖ **Accreditation:**

Teacher contributions to proficiencies should be done by the beginning of December, and then Randy is taking them through curriculum mapping. I have a "to-do" list for the board that I'll bring tonight, and then we can map out next steps and focus for the board retreat in January.

❖ **Finances and the Budget:**

While the ELC had to pay a \$3,000 membership fee this month, they still came very close to break-even. Elementary was in the black (WOW!) and the high school is still behind with staffing and technology expenses, but we're moving in the right direction...

❖ **Rentals:**

KCA's family is moving in to the brick house right now, and I'm still collecting bids for the white house repairs. Each project that we look closely at leads to another project, but Mrs. Carroll is very enthusiastic about moving in and helping with some of the work... Hooray for our great community here! ☺

❖ **Accreditation Site Visit:**

Randy went on the accreditation visit for me and had a great time. He came back inspired and motivated, AND feeling that we're well on our way!

❖ **My MEd Program**

I'm DONE! I'll send you my final action research thesis if you'd like some light reading. ☺ I'll walk on December 12th so my girls can see what "done" looks like. THANK YOU to the board for the wonderful flowers and "Student of the Month" recognition. I didn't see that coming. I feel so blessed to work here and do this job. Thank you.

Randy Lemiere, Principle:

High School Report

- Veteran's Day Chapel Mrs. Moore's father, Glen Niner, helped the high school celebrate Veteran's Day. Mr. Niner was interviewed by Mrs. Moore about childhood, high school, and his military service during WWII. He told stories in Europe and how God protected him along the way.
- Volleyball Our girl's volleyball team won the Columbia Valley League title with a record of 144. November 7th, they competed in the 1B District IV Championship and placed second to send them to "State" November 13-15. Congratulations go to Mrs. Lisa Caddel, our coach, and all of the players. Fly Eagles Fly!
- Basketball High school basketball is just around the corner. Boy's coach, James Murphy is again guiding our boys and J.D. Ott will again direct our girl's team.
- HS/MS First Quarter Grades First quarter grades were sent home Thursday, November 12th.

Elementary Report

- Book Fair We had a very successful Book Fair. We'll have another book fair with Christian books as well.
- Student of the Month Sticking with the theme, "Serve One Another," TRCS elementary chapel recognized several students from each class. Mrs. Hart was also recognized as being an excellent "Student of the Month."
- Teddy Bear Parade Primary students paraded with their teddy bears on October 30th. It is a fun tradition we have every year.
- Early Release Wednesday November 4th was early release day. Teachers on both campuses worked on grade level proficiencies. These proficiencies will be a huge part of our curriculum guide for ACSI accreditation.
- DIBELS DIBELS assessments have been completed for every student in K-5th grades. Teachers compare DIBELS scores with the TerraNova3 scores to make individual reading plans for students. Dr. Rauth, Ruth Browning, and Roxanne Stuart were instrumental in completing all of the data.

- ❑ Accreditation Team I was fortunate and blessed by becoming a part of an accreditation team that spent three and a half days at Columbia Christian School in Portland, Oregon. I received 6 quick hours of accreditation training. I gleaned a mass amount of knowledge to help our school with the accreditation process. We will be ready next October!

Enrollment 126 in the elementary and 81 in the high school. Total 207. Last month 207.
