

PLAN FOR INCLEMENT WEATHER

With adverse weather conditions already upon us, we wanted to take a minute to clarify what to do in case of power outages or snow and wind issues:

In the case of any school closures, we immediately issue our updates to Flash Alert (for posting on the radio and television stations) and on our website, Twitter and Facebook pages. However, if the power is out for our administrative team, this may delay or complicate the posting of this information. You can check the following for updated information:

- **Portland Television Stations**
- **KLOG 1490 AM, KUKN 105.5 FM, KRQT 107.1 FM, KEDO 1400 AM, KLYK 94.5 or 97.9 FM, KBAM 1270 AM, KPPK 98.3, KZOE 90.3 FM**
- **Our website: www.3riversschool.net**
- **[www.facebook.com: Three Rivers Christian School](http://www.facebook.com/ThreeRiversChristianSchool)**
- **[www.twitter.com: 3riversschool](http://www.twitter.com/3riversschool)**

If we are without power in the morning at any of our campuses, we will not be able to open and will post information on the front doors. If the power should come back on at some point in the morning, we will reassess the situation by 10 a.m. with the goal of opening.

Please use your own discretion when traveling in these conditions. Our first priority is the safety of you and your family.

- Three Rivers Christian School Administration

We attempt to provide you with as much prior notice as possible regarding any closures. Our goal is to have all updates posted by 7 a.m.

Please remember: “no news is good news.” If you don’t see closures posted, we are still open, but please use your own discretion about coming to school if conditions are bad in your area.
